

Exploded view of a mechanical assembly. The assembly consists of a base plate (1) with a central rectangular hole, a cylindrical component (2) with a central hole, and a rectangular plate (3) with a central hole. The base plate (1) has a central hole with a diameter of $\phi 5$ and a central hole with a diameter of $\phi 7$. The cylindrical component (2) has a central hole with a diameter of $\phi 5$. The rectangular plate (3) has a central hole with a diameter of $\phi 7$. The dimensions are given in millimeters (mm).

Technical drawing showing the assembly of a mechanical part. The drawing includes a top view and a side view. The top view shows a rectangular plate with a central hole of diameter $\phi 7$ and a central hole of diameter $\phi 5$. The side view shows a cylindrical component with a central hole of diameter $\phi 5$ and a rectangular plate with a central hole of diameter $\phi 7$. The dimensions are given in millimeters (mm).
